Modification, Crandall Canyon Mine, ACT/015/032, Folder #2,
Emery County, Utah

The Division has reviewed your response to the above referenced Permit Condition submitted on August 3, 1987. The Division finds your response adequate in addressing the outstanding concerns for this condition and hereby approves the Seep & Spring Wildlife Mitigation Plan. The only outstanding concerns relating to the Tract II permit are those addressed by the Forest Service, June 22, 1987, transmitted through the Division to Genwal Coal Co., July 6, 1987. The Division is currently awaiting the Forest Service's review decision.

Thank you for your timely response to resolve these conditions.

Sincerely,

Susan C. Linner
